Chilterns Dog Rescue Society

Kennel Sponsorship

Kennel Sponsorship

Chilterns Dog Rescue Society cares for close to 350 dogs each year. Some of these dogs have been neglected, others abused or abandoned.

Each dog is provided with shelter, food, kindness and whatever medical attention and training might be required until it is successfully re-homed.

If you care about dogs too, why not help the Society and join our Kennel Sponsorship scheme ?

How does it work?

Unlike some animal welfare charities, we do not have permanent residents at our kennels. However, some dogs stay with us for longer than others, especially those that are older or who require prolonged or intensive medical treatment but, whatever a dog's problems, the right home will be found.

As we aim to home dogs as quickly as possible, we do not nominate individual dogs for sponsorship. Instead, we offer you sponsorship of a kennel. This way your sponsorship may cover a number of dogs during their stay with us.

What does it cost?

You can buy kennel sponsorship "units". Each unit can be used for one kennel space and costs just £12.00 per year. Of course, you may have as many units as you wish and the cost may be spread over the year. For example, if you choose 3 units, the total cost would be £36.00. You could choose to pay £3.00 per month or £9.00 per quarter or £36 in one amount. (Please note the minimum individual payment is £3.00)

We now accept company sponsorship of kennels too. The cost is from £50 per kennel per year.

What do I get ?

We will send you regular bulletins letting you know about the occupants of the sponsored kennels. Hopefully, you will gain much pleasure from learning about the dogs you have helped.

Company Sponsors will receive the same regular bulletins which will feature your logo, plus the option to display a logo and link to your company website on the Chilterns Dog Rescue Society website, for as long as you remain a sponsor.

Sponsorship Stories

Some of the dogs that have benefited from the help of our sponsors in the past include: -

Jack, an older collie cross dog who needed two operations, a special diet and ongoing medication

Danny, a very nervous Jack Russell who we worked hard with to socialise and to build his confidence.

Pippa, a German Shepherd/Collie Bitch who arrived heavily pregnant. Her physical condition was so poor that, sadly, she lost her litter.

Sailor, a three-legged collie cross dog with a wonderfully friendly and energetic personality.

Sasha and Tiger, two Cavalier King Charles Spaniels who were survivors from a particularly bad puppy farm.
